March 23, 2020

Dear Students,

Thank you for your interest in UW study abroad programs taking place during fall 2020 and academic year 2020-21. We are writing to share some important information.

You may be aware that all UW spring 2020 programs and all UW summer 2020 study abroad programming have been cancelled. This decision was reached after thorough consideration for the health and safety of our students.

However, no changes have been made to fall 2020 programming at this time. UW Study Abroad is closely monitoring the dynamic circumstances surrounding the COVID-19 pandemic and its potential impact on fall 2020 study abroad programming. We will provide updates on the status of these programs in the coming months, should changes be made to study abroad offerings.

With this in mind, we strongly encourage you to reach out to a study abroad advisor should you have any questions about programs, policies, and planning. Study Abroad Advisors and Enrollment Specialist Advisors are available for phone or Skype advising appointments that can be made through Starfish. Please also familiarize yourself with your program information and related policies, which can be found on your program website, study abroad and program handbooks, and your program cost sheet.

Sincerely,

UW Study Abroad
