

Accommodation in Boğaziçi University

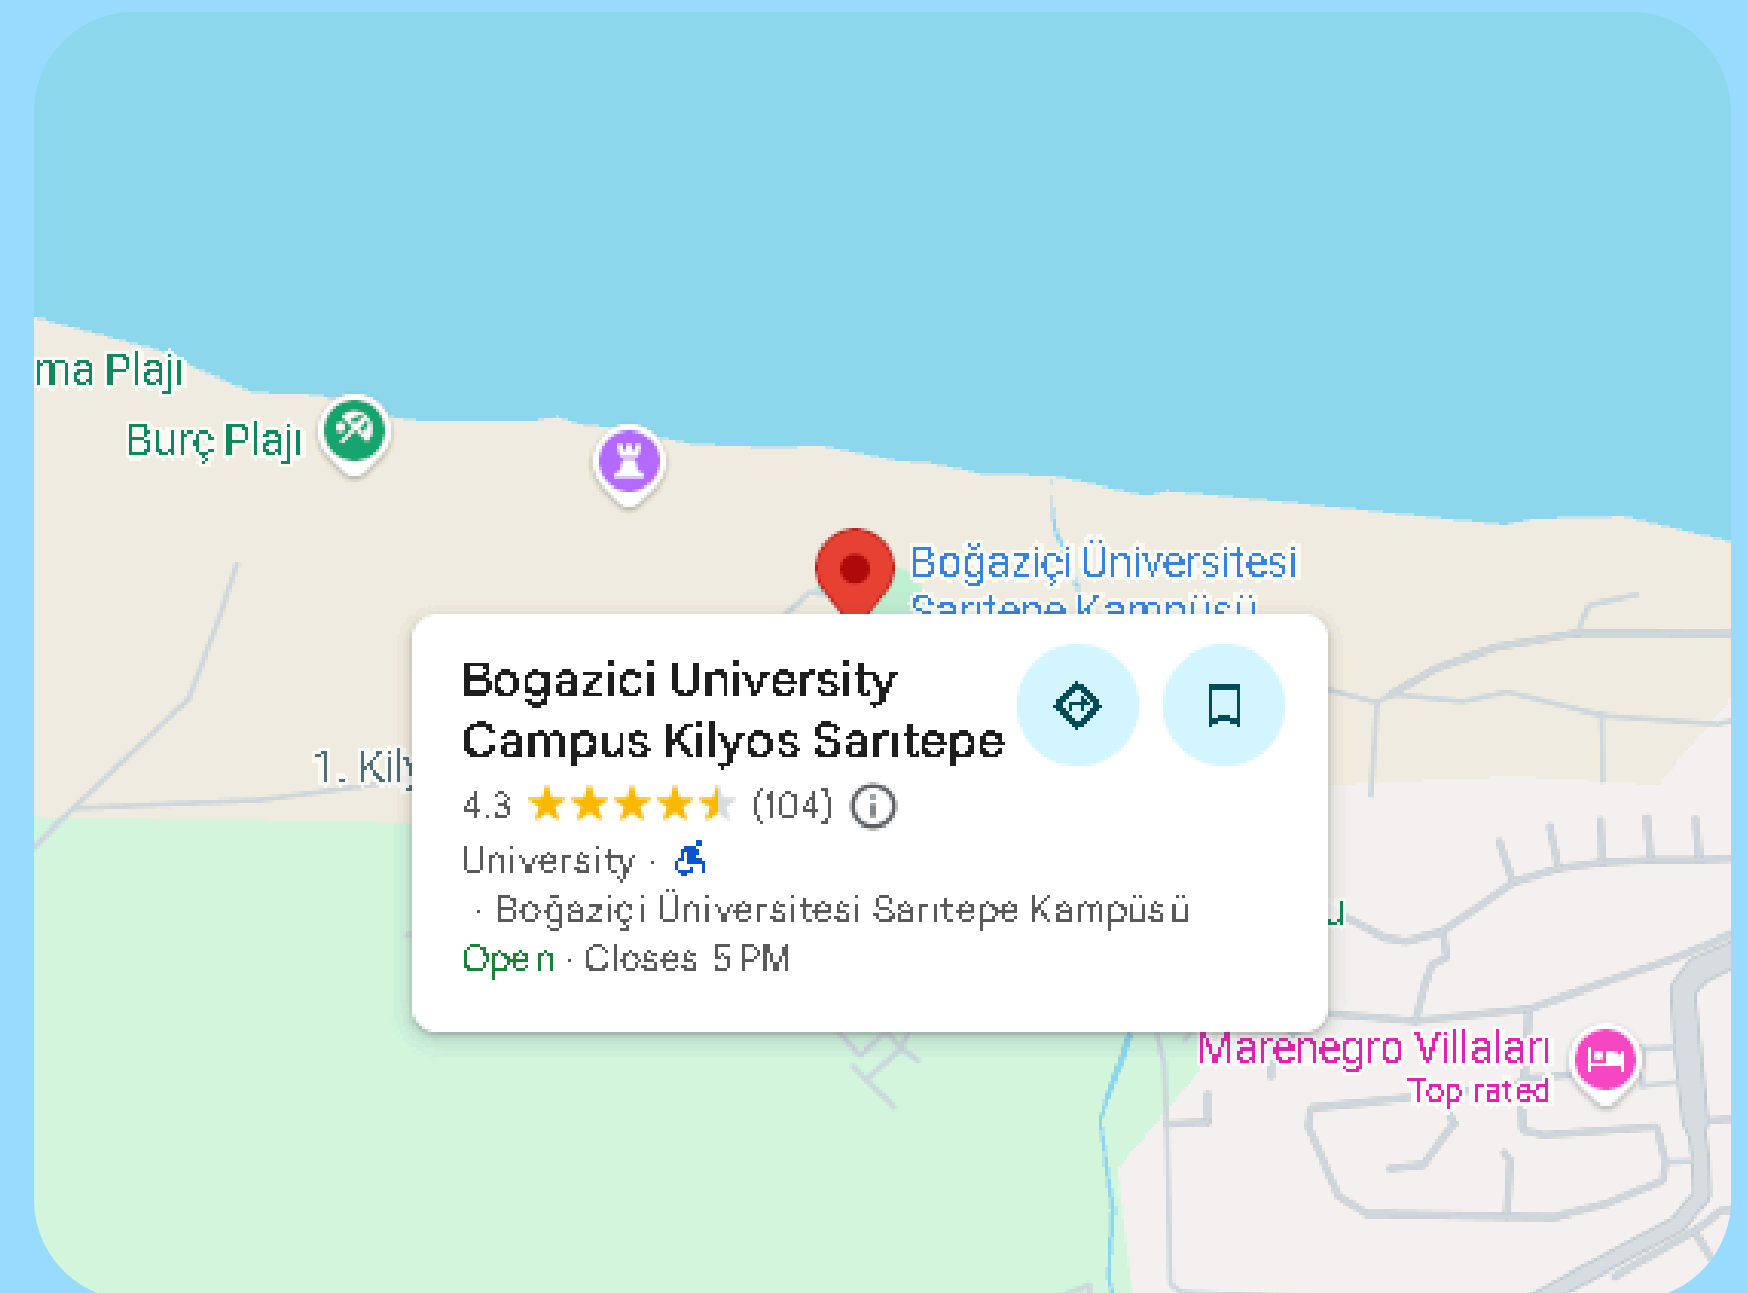

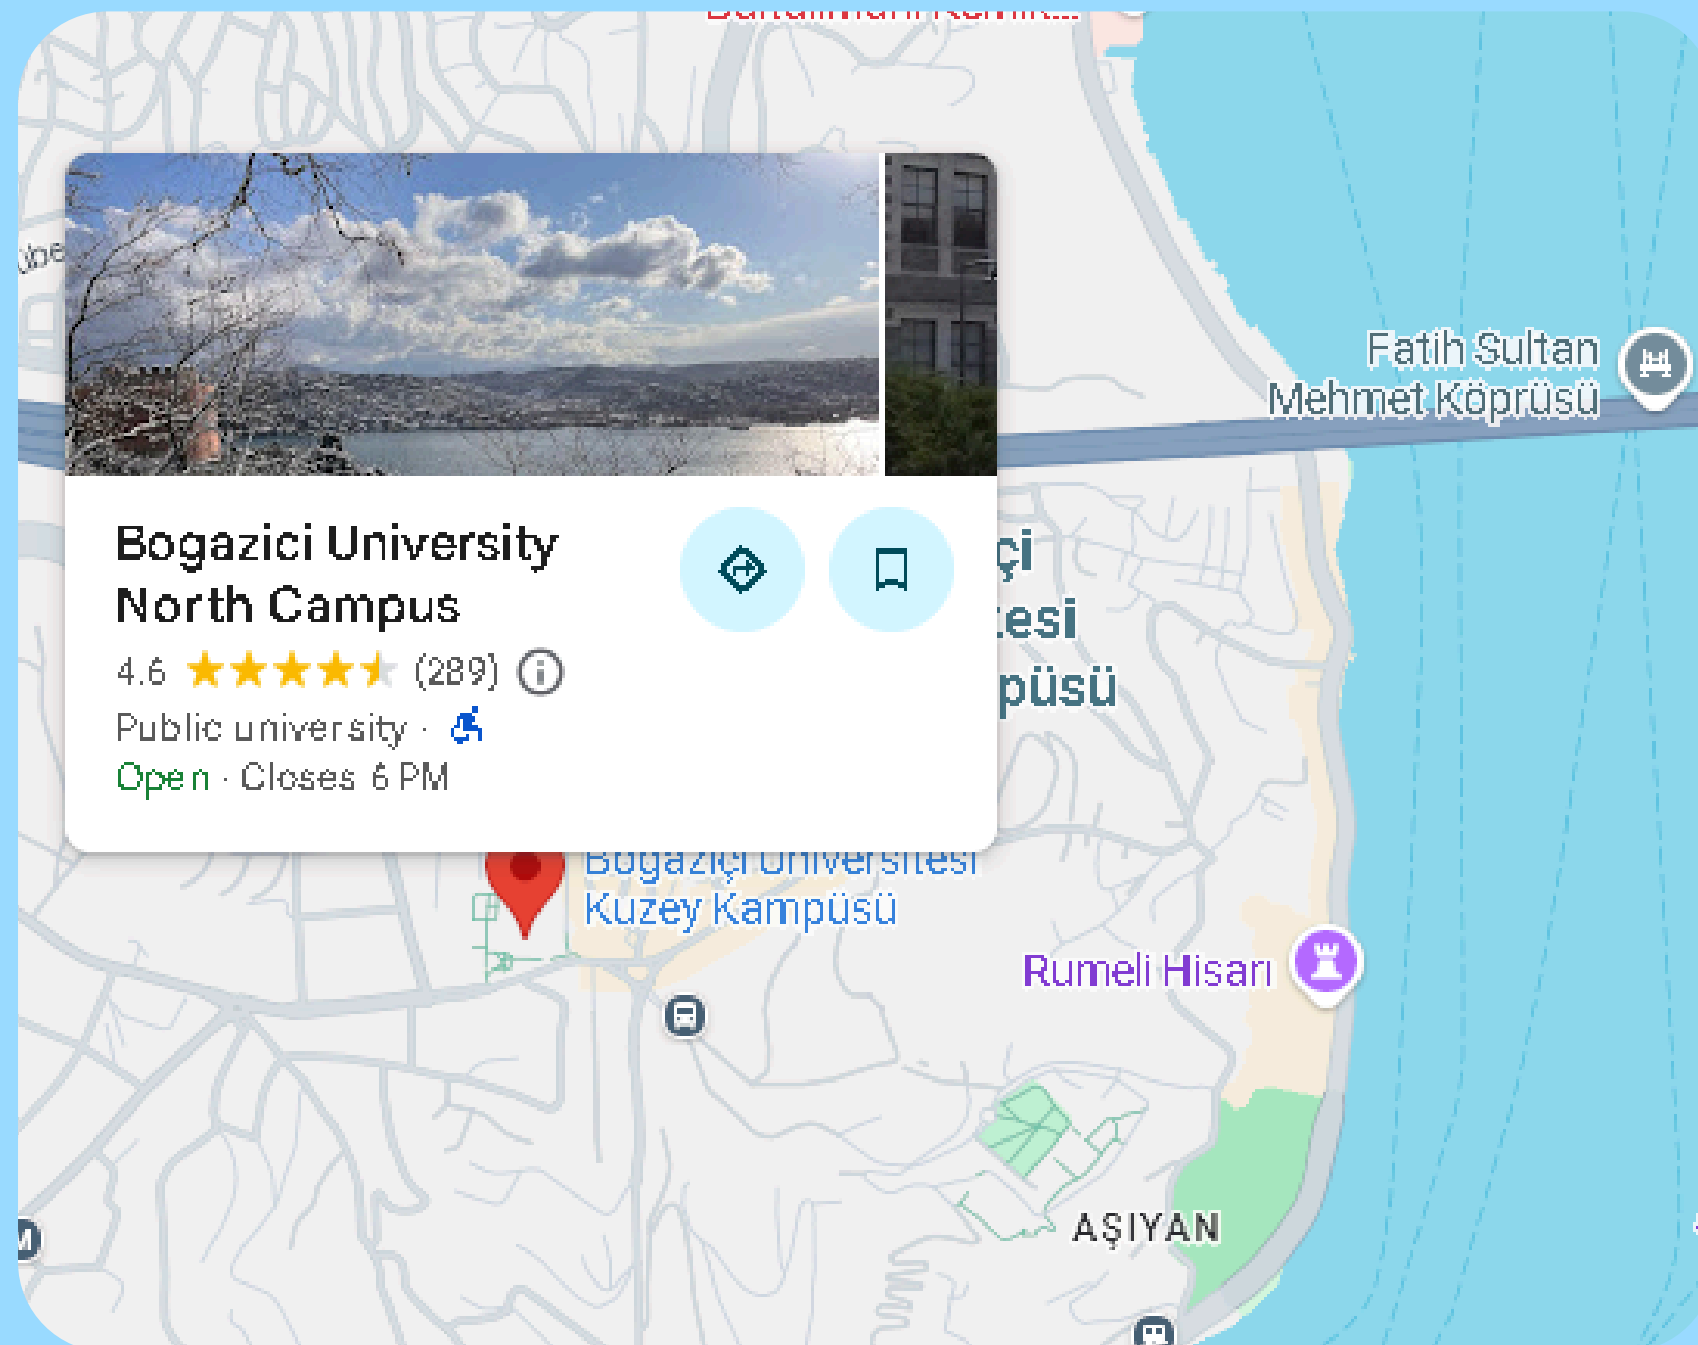

Our university provides on-campus accommodation for its students. **For the September 2026 term, prior to the start of the Fall semester, our online dormitory application system will be open for access.** Exchange students wishing to request on-campus accommodation must also submit their applications through this same system.

Because of the number of students exceeding our current housing capacity, we emphasize that the placement process is determined by several variables such as dormitory capacity, occupancy rates, and the financial status of applicants. **Consequently, no guarantee of placement in any dormitory can be provided.**

Office of
International
Relations

Students may be assigned to dormitories on either
the North Campus or the Kilyos Campus
depending on availability.

Alternative Accommodation Options

While they have no official affiliation with our university, two verified private dormitory options are recommended to our students.

Please be aware that our office does not provide operational support regarding private dormitories beyond these recommendations. Candidates must contact the relevant private dormitories directly and manage all registration processes personally. Any other accommodation alternatives, such as renting a house or room or choosing different private dorms and apartments, are entirely at the students' own discretion.

For female students, we recommend Yakamoz Dormitories, and for male students, we recommend Private Boğaziçi Dormitories.

Meals

Regarding dining facilities, dining halls are available on all university campuses including North, South, Hisar, Saritepe, Kandilli, and Anadolu Hisarı. These units serve three meals a day to our students. The dining menus consist of soup, a main course, a side dish, and an optional choice of dessert, fruit, or a beverage.

Additionally, special menu options are provided at every meal for students with vegan or vegetarian preferences. Packed meal services are also available for students who do not have the opportunity to eat in the dining hall. The current fee determined per meal is 60 TL, which is approximately 1.3 USD. Please note that these fees may be updated at the beginning of academic terms in accordance with economic conditions. The dining hall website can be found at <https://yemekhane.bogazici.edu.tr/>
